

Finding Aid
The papers of former Vice President Mondale
Minnesota Historical Society
September 26, 2006

Topic: Family

Summary: *One of Mr. Mondale's signature policy issues in his Senate career was the family. From his conversations with constituents, he became convinced that government had to do more to help families cope with the changing American economy, leading him to hold hearings on the status of and means to help the American family.*

See: for materials related to children, see the Children finding aid.

See: for materials related to AFDC, welfare, and poverty see the Welfare finding aid.

Status of the American Family
